## General

### **What are some of the benefits of receiving my bill electronically?**

It is convenient, saves time, allows you to receive bills anywhere at any time and helps the environment by saving trees. You can continue to receive a paper bill, but if you elect to go Paperless, you can always print out a copy of the invoice if needed.

### **What are the benefits of paying a bill online?**

Paying online with a credit card or electronic check saves time, gives you the flexibility to pay how and when desired, and saves money (no more stamps, paper checks or envelopes), and Invoice Cloud will store your information for future use – but only if you choose to store it.

### **What is the relationship between the City of Hamilton and Invoice Cloud?**

The City of Hamilton wanted to make paying bills easier for their customers, but didn't have the electronic presentment and payment systems required to display, safely process and store financial information. The City of Hamilton chose Invoice Cloud because it is easy to use, and the security is the strongest available. All the data collected is double encrypted and stored on secure servers. The data is not sold or released for any purpose other than to complete transactions.

### **If I receive multiple bills, do I need to register twice?**

Yes, one-time registration is required for each bill to access the resident portal. You need to register for each of the accounts you wish to pay online. Once the initial registration process has been completed for each of your accounts, viewing and paying future invoices will be in place. However, if you register your accounts with the same email and password, you will get a list of accounts to choose from in your customer portal.

## Using the System

### **How does the system work?**

It is very simple. Here are the 3 steps taken by customers:

- Customer receives email notification or accesses account via the City of Hamilton website by clicking on the " UtilityPay " button.
- Customer locates and views invoice and either enters payment information for a one-time payment or registers to schedule a payment.
- Customer receives an email confirmation with their payment amount and payment process date.

# Online Presentment and Payment FAQ's

## **Do I need to register to pay a bill?**

You may need to register to receive electronic bills by email, but registration is not required for one-time payments. One-time payments require that you enter your payment information each time you make a payment. By registering, you avoid that step and gain access to your payment history.

## **How Do I Register?**

**Registering is easy and can be done when you make a payment. There are two ways you can make a payment.**

1. When you receive an email notification that your bill is ready to paid, simply click on the “View Invoice or Pay Now” button. You will be directed to the City of Hamilton’s “Pay and/or View Bills Online” site, powered by Invoice Cloud. Once there, you will be given the opportunity to register or make a one-time payment. If you choose to register, you will be asked to provide a password and accept the terms and conditions to use the system. The payment information you enter in your profile will then be securely encrypted and saved for your next visit.
2. Go to the City of Hamilton Website ([www.hamilton-city.org](http://www.hamilton-city.org)) and click on UtilityPay button on the home page. On the UtilityPay home screen click on Pay Bill and you will be directed to the Invoice Cloud “View Invoice or Pay Now” page.

## **Can more than one person pay bills online for the same account?**

There are two ways that payment responsibilities can be shared. If the other payer is part of your household, you may choose to share your login information with that individual. In a situation where personal financial data is not shared, you may forward your email notification to the individual, who will then click on the “View or Pay Now” button and elect to make a one-time payment. They will need to enter their name, email address, address and payment information. They will receive the payment confirmation. You can verify their payment by viewing the invoices in your account.

## **Payment**

### **What are the costs for paying online?**

There are no signup costs, subscription fees, or convenience fees.

### **How will I know that my payment has been accepted?**

After you submit your payment, you will see a payment confirmation screen. It will contain your payment confirmation message. It will show an approved number for credit cards or a processed number for electronic check. You will also receive a confirmation email after your transaction is submitted. The email will include your account number, invoice number, amount paid, and confirmation message. If your electronic check does not pass through the bank, you will receive an email informing you of the rejected payment. You may need to call the City of Hamilton in order to pay again.

### **How long does it take for a credit card transaction to process if I pay online?**

Credit card transactions typically take less than 24 hours to settle. An authorization is issued immediately; however, it takes 24 hours for the money to be moved.

## **Advanced Features**

### **Can I cancel AutoPay?**

Yes, simply go into your profile and uncheck the AutoPay box that you had previously checked when you elected to opt into AutoPay.

### **What are scheduled payments?**

Scheduled payments are scheduled individually by you for each bill on your specified date. Note: Penalties will be assessed if payments are received after the stated due date. Broken Pay Arrangements will result in disconnection if agreed upon terms are not met.

### **Can I change a scheduled payment?**

Yes, as long as it is changed before the date it was scheduled to be paid.

### **What is the difference between AutoPay and a scheduled payment?**

AutoPay is an automated process which pays your balance in full each billing cycle at 2am on the due date; scheduled payments are manually entered by you for the date you choose for each bill you choose.

### **What if I already have AutoPay or a scheduled payment set up with my bank?**

You will need to contact your bank and cancel your automated or scheduled payment before the payment is due (typically payments are made a couple days in advance of the due date, so don't wait until the last minute).

### **When I sign up to "Go Paperless," will I still receive a paper bill in the mail?**

No, you will receive an email notification each time a new bill is ready for you to view and pay. Email notifications go to the email address used when you registered, a second email address may be added if you wish to send notifications to an additional or back up email address.
